Independent Auditor's Report

To the County Board of Commissioners
Livingston County, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Livingston County, Michigan as of and for the year ended December 31, 2004, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the Livingston County Road Commission, whose assets and revenue totaled \$74,864,513 and \$16,353,133, respectively. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and in our opinion, insofar as it relates to the amounts included for the Livingston County Road Commission, is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Livingston County, Michigan as of December 31, 2004 and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis, retirement system schedules of funding progress, and the budgetary comparison schedules, as identified in the table of contents, are not a required part of the basic financial statements but are supplemental information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of required supplemental information.

To the County Board of Commissioners
Livingston County, Michigan

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Livingston County, Michigan's basic financial statements. The accompanying other supplemental information, as identified in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The other supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with *Government Auditing Standards*, there will also be an additional report issued on our consideration of Livingston County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide opinions on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Livingston County, Michigan

Management's Discussion and Analysis

Our discussion and analysis of Livingston County, Michigan's financial performance provides an overview of the County's financial activities for the fiscal year ended December 31, 2004. Please read it in conjunction with the County's financial statements.

Financial Highlights

As discussed in further detail in this management's discussion and analysis, the following represents the most significant financial highlights for the year ended December 31, 2004:

- Tax revenues, the County's largest revenue source, continued to increase an average of 7.7 percent per year for the past seven years. Livingston County continues to be one of the fastest-growing communities in the state of Michigan. This is evident by an average 12 percent annual increase in state equalized valuation and an average 9 percent taxable valuation annual increase for the past eight years.
- State-shared revenue, a major General Fund revenue source, was temporarily suspended by Public Act 357 signed by the governor in September 2004, amending the Revenue Sharing Act. An amendment to the Property Tax Act (Public Act 356) provides a source of replacement funding for the temporary elimination of state-shared revenue. This legislation is a mandatory and permanent gradual shift, over a three-year period of time, from a December to a July tax levy.
- One-third of the County's December 2004 property tax revenues shall be placed in the Revenue Sharing Reserve Fund from the December 2004, 2005, and 2006 property tax revenues. The County will draw against this fund in lieu of receiving its state-shared revenue payment from the State. It is projected that state-shared revenue will resume to the County in 2011, being the first year in which replacement monies from the reserve fund is less than the amount we would have otherwise received in state revenue-sharing payments.
- Total net assets related to the County's governmental funds increased approximately \$7.5 million. This is misleading and unreliable because the increase is attributable to the Property Tax Act amendment. The property tax revenues placed in the Revenue Sharing Reserve Fund were recorded as revenue in 2004. This trend will continue in 2005 and 2006, at which time the Revenue Sharing Reserve Fund will be fully funded. The accounting practice has been to recognize property taxes as revenue in the year for which they are levied; this practice was changed by the State for tax revenues mandated into the Revenue Sharing Reserve Fund.

Livingston County, Michigan

Management's Discussion and Analysis (Continued)

- For the past three years, Livingston County has been proactive in creating the appropriate legal documents and preparing actuarial reports to determine the cost for the eligible employees' retiree health care plans and funding the benefit. The Governmental Accounting Standards Board adopted Statement Number 45, *Accounting and Reporting by Employers for Post-employment Benefits Other Than Pensions*, which the County is required to implement for the year ending December 31, 2008. This pronouncement requires an actuarial study be performed every other year to value the cost of the benefit and provide an annual recommended contribution. The intent is to annually recognize the cost of providing retiree health care over the working life of the employee versus paying the premiums after the employee retires. Livingston County has greatly reduced its unfunded liability by making annual payments over the past few years.

Using this Annual Report

This annual report consists of a series of financial statements. The statement of net assets and the statement of activities provide information about the activities of the County as a whole and present a longer-term view of the County's finances. This longer-term view uses the accrual basis of accounting so that it can measure the cost of providing services during the current year, and whether the taxpayers have funded the full cost of providing government services. The activities are divided between governmental and business-type. Governmental activities include the General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Fund, and Internal Service Fund. Business-type activities include the Building and Safety Fund, Airport Fund, Delinquent Tax Revolving Fund, and Livingston Essential Transportation Service Fund.

The fund financial statements present a short-term view; they tell us how the taxpayers' resources were spent during the year, as well as how much is available for future spending. Fund financial statements also report the County's operations in more detail than the government-wide financial statements by providing information about the County's most significant funds. The fiduciary fund statements provide financial information about activities for which the County acts solely as a trustee or agent for the benefit of those outside of the government.

Livingston County, Michigan

Management's Discussion and Analysis (Continued)

The County as a Whole

The following table shows a condensed format of the net assets (in thousands of dollars) for fiscal years ended December 31, 2004 and 2003:

TABLE I

	Governmental Activities		Business-type Activities		Total	
	2004	2003	2004	2003	2004	2003
Assets						
Current assets	\$ 49,879	\$ 53,249	\$ 31,876	\$ 31,417	\$ 81,755	\$ 84,666
Noncurrent assets	57,384	59,371	12,590	4,052	69,975	63,423
Total assets	107,263	112,620	44,466	35,469	151,729	148,089
Liabilities						
Current liabilities	5,809	8,377	2,147	1,749	7,956	10,126
Long-term liabilities	37,571	45,955	35	46	37,606	46,001
Total liabilities	43,380	54,332	2,182	1,795	45,562	56,127
Net Assets						
Invested in capital assets -						
Net of related debt	40,004	39,208	12,545	3,997	52,549	43,205
Restricted	12,894	5,687	-	-	12,894	5,687
Unrestricted	10,985	13,393	29,739	29,677	40,724	43,070
Total net assets	<u>\$ 63,883</u>	<u>\$ 58,288</u>	<u>\$ 42,284</u>	<u>\$ 33,674</u>	<u>\$ 106,167</u>	<u>\$ 91,962</u>

The County's combined net assets for both governmental and business-type activities total \$91.9 million for fiscal year 2003 and \$106.2 million for fiscal year 2004, an increase of \$14 million (15 percent) from 2003 to 2004. As previously discussed, the majority of the increase is attributable to the newly created and funded Revenue Sharing Reserve Fund for \$7.5 million. The remainder of the increase of \$6.5 million is due to the Livingston County Airport expansion project. Net assets are further segregated between restricted and unrestricted net assets. The restricted net assets are those assets that are restricted for a specific purpose/use and invested in capital assets. Unrestricted net assets are those net assets that can be used to finance day-to-day operations.

Livingston County, Michigan

Management's Discussion and Analysis (Continued)

The following table shows the changes in net assets during the years ended December 31, 2004 and 2003 (in thousands of dollars):

Livingston County, Michigan

Management's Discussion and Analysis (Continued)

Governmental Activities

Governmental activities are those activities (such as public safety or health and human services) provided to the constituents of the County and supported by financing from property taxes and state-shared revenues.

The cost of providing services for governmental activities was \$56.2 million for fiscal year 2004. This is a 5.4 percent increase over the cost of providing services in 2003. The majority of the increase is attributable to additional employee benefit costs, including funding for retiree health care. The County expenditure policy has remained stable from 2003 to 2004 for the categories of Public Safety, Health and Welfare, General Government, Public Works, and Community and Economic Development.

The County's total governmental revenues increased \$7.5 million from 2003 to 2004. As previously stated, this is a direct result of the amendment to the Revenue Sharing Act and Property Tax Act. Revenues from property taxes increased 37 percent and state-shared revenue decreased 51 percent. However, this is misleading because the increased revenues from taxes are restricted and will be used in future years as replacement funding for state-shared revenue. Charges for services increased nearly 16 percent from 2003 to 2004. This trend should continue as the County reviews its revenue policy to ensure the proper balance between the use of tax revenues and user fees to support the cost of providing services.

Business-type Activities

Business-type activities are those activities that are financed primarily by charges for services or user fees. The County's business-type activities consist of the airport, building and safety department, and Livingston essential transportation; these types of operations are most similar to private businesses. A comparative analysis between fiscal year 2003 and 2004 shows that our net assets increased \$6.5 million. This is related to the Livingston County Airport expansion project.

The County's Funds

Our analysis of the County's major funds begins on page 13, following the government-wide financial statements. The fund financial statements provide detail information about the most significant funds, not the County as a whole. This includes the General Fund, Ambulance Special Revenue Fund, Health Special Revenue Fund, 911 Service Special Revenue Fund, and Revenue Sharing Reserve Fund. The other nonmajor governmental funds are consolidated and reported under the column with that heading. The County Board creates funds to help manage money for specific purposes as well as to show accountability for certain activities, such as special property tax millages, 911 surcharge, and restricted revenues from grants or fees.

The General Fund pays for most of the County's governmental services. The most significant are the sheriff's department, including the jail; the court system; and all of the elected officials' offices, etc. The General Fund incurred costs of \$39.5 million in 2004, including an operating transfer of \$3.1 million to subsidize operations in other funds.

Livingston County, Michigan

Management's Discussion and Analysis (Continued)

Budgetary Highlights

Over the course of the year, the County Board amended the budget to take into account events during the year. As previously stated, fund balances related to the County's governmental funds decreased \$3.1 million. The following provides specific details regarding the amendments:

- The new Retiree Health Care Trust Fund and Retiree Health Savings Program
- New authorized positions
- New long-term disability insurance program, dispute resolution center, small business and technology development center, and adult day care facility
- Equipment purchases for new phone system.

Capital Asset and Debt Administration

At the end of 2004, the County had \$70.0 million invested in a broad array of capital assets, including buildings, land, emergency response equipment, vehicles, etc. These assets are necessary to carry out the day-to-day operations of the County. During the year, we paid for the acquisition of the Hillcrest Radio Tower site from the State of Michigan; progressed with the multi-million dollar airport expansion; completed the administration building remodeling project; completed interior and exterior renovations to the County jail; acquired and installed a new county-wide phone system; and accepted the bequest from Owen J. Lutz of approximately 302 acres of real property for the County's first park site. The County has refurbished and furnished all of its major buildings for a total cost of \$15 million over a five-year construction period. The County availed itself of the record low interest rates and issued debt to finance these construction projects. Major repairs should not be necessary for several years.

The County continues to sustain its excellent bond ratings with Moody's (Aa2) and Standard & Poor's (AA), thereby managing interest payments and reducing costs for infrastructure improvements. Additionally, the County is well within its legal debt limit of 10 percent of the state equalized valuation, utilizing only 0.21 percent of capacity. The majority of outstanding debt is for our component units: the drainage districts, Department of Public Works, and Road Commission. The County has pledged its full faith and credit to maintain low costs. These assets are not reported in the County's financial statements because, by Michigan law, these projects are the property of the respective component unit (along with the responsibility to maintain them).

Livingston County, Michigan

Management's Discussion and Analysis (Continued)

Economic Factors and Next Year's Budgets and Rates

The national economy remains sluggish, yet demonstrates some indications of recovery. However, Michigan's fiscal crisis is entering its sixth year. State revenues are at their lowest level since 1970. A majority of these reductions were self-inflicted. Enacted state tax cuts have eroded the State's ability to generate revenue; the State's fiscal reserves are depleted. As predicted last year, the State has temporarily suspended state-shared revenues. The law provides that state-shared revenues will be reinstated upon depletion of the Revenue Sharing Reserve Fund; it's projected that this Fund will be depleted by 2011. Given the State's economic condition and future revenue projections, Livingston County must continue its history of sound financial performance and conservative budgeting practices with the expectation that state-shared revenues will not be reinstated. During fiscal year 2004 and into 2005, the County anticipates a significant reduction in state and federal grants. To date, these revenue reductions have been masked because of our growth and increased property tax revenues. To ensure sustainability of our operations, the County is closely monitoring reserve balances, revenues, and expenditures. Livingston County continues to be one of the fastest-growing communities in Michigan with an expanding tax base with favorable wealth indices. Full valuation growth has averaged 12 percent annually over the past five years and the County's unemployment rates have remained 1.6 percent below the state average.

Contacting the County's Administration

This financial report is intended to provide our citizens, taxpayers, customers, and investors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional information, we welcome you to contact the administrator's office.

Governmental Funds Reconciliation of the Statement of Revenue, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended December 31, 2004

Net Change in Fund Balances - Total Governmental Funds	\$ 5,533,269
---	---------------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures; in the statement of activities, these costs are allocated over their estimated useful lives as depreciation	103,901
Repayment of bond principal and other long-term obligations is an expenditure in the governmental funds, but not in the statement of activities (where it reduces long-term debt)	2,860,638
Increase in accumulated employee sick and vacation pay is recorded when earned in the statement of activities	(161,575)
Decrease in accrued interest payable is recorded on the statement of activities	41,740
Internal Service Funds are also included as governmental activities	(624,451)
Increase in delinquent personal property taxes is included in the statement of activities	20,807
Decrease in net pension asset is recorded in the statement of activities	<u>(46,733)</u>

Change in Net Assets of Governmental Activities	<u><u>\$ 7,727,596</u></u>

Note I - Summary of Significant Accounting Policies

The accounting policies of Livingston County, Michigan (the "County") conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the significant accounting policies used by the County:

Reporting Entity

The County was organized in 1836 and operates under an elected Board of Commissioners consisting of nine members. The County provides services to its residents in the areas of public safety, including law enforcement and administration of justice, economic development, general government, and human services.

The accompanying financial statements present the County and its component units, entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the County's operations. The discretely presented component units are reported in a separate column to emphasize that they are legally separate from the County.

Blended Component Units - The Building Authority is governed by a five-member board that is appointed by the County Board of Commissioners. Although legally separate from the County, the Building Authority is reported as part of the primary government because its sole purpose is to finance and construct the County's public buildings.

The following component units are presented discretely from the County:

Drain Commission Boards - Each of the drainage districts established pursuant to the Drain Code of 1956 are separate legal entities, with the power to contract, to sue and be sued, to hold, manage, and dispose of real and personal property, etc. The drainage board or drain commissioner, on behalf of the drainage district, may issue debt and levy special assessments authorized by the Drain Code without the prior approval of the County Board of Commissioners. The full faith and credit of the County may be given for the debt of the drainage district.

Note 1 - Summary of Significant Accounting Policies (Continued)

Department of Public Works - Pursuant to Michigan Compiled Law 123.732, the County has entered into a program of water supply and sanitary sewer facility construction. The Department of Public Works is under the general control of the County Board of Commissioners and under the immediate control of the Board of Public Works, which includes the County Drain Commissioner. The Board of Public Works is considered an agency of the County. The Board of Public Works manages water supply and sanitary sewer system construction projects that are bonded by the County. Bonds issued are authorized by an ordinance or a resolution approved by the Board of Public Works and adopted by the County Board of Commissioners.

Road Commission - The County Road Commission, which is established pursuant to the County Road Law (MCL 224.1), is governed by the appointed three-member Board of County Road Commissioners. The Road Commission may not issue debt or levy a tax without the approval of the County Board of Commissioners.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenue.

Note 1 - Summary of Significant Accounting Policies (Continued)

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual Enterprise Funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied, except for property taxes that are required to be recorded in the Revenue Sharing Reserve Fund as mandated by the State. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

All governmental funds, Agency Funds, and the component units utilize the modified accrual basis of accounting. The Enterprise Fund utilizes the full accrual basis of accounting. Modifications in such method from the accrual basis are as follows:

- Property taxes and other revenue that are both measurable and available for use to finance operations for the County are recorded as revenue when earned. Other revenue is recorded when received.
- Property taxes are assessed as of December 31. The related property taxes are billed on July 1 and December 1 of the following year and become a lien at that time. These taxes are due on August 31 and February 14, respectively, with a final collection date of February 28 before they are added to the County tax rolls.

Note 1 - Summary of Significant Accounting Policies (Continued)

- Property taxes will be used to finance the following year's operations, except for amounts required to be reserved within the Revenue Sharing Reserve Fund. As such, these taxes are recorded as deferred revenue in each respective fund on December 31. Each year, the Revenue Sharing Reserve Fund will transfer an amount equal to the County's revenue sharing allocation to finance current year's operations.

The County reports the following major governmental funds:

General Fund - The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Ambulance Special Revenue Fund - The Ambulance Special Revenue Fund accounts for all of the activities of the County's ambulance department.

Health Special Revenue Fund - The Health Special Revenue Fund accounts for a variety of health-related services provided by the County to its residents, for both environmental health and personal protection services.

911 Service Special Revenue Fund - The 911 Service Special Revenue Fund accounts for the operation of the 911 system and the Enhance 911 for wireless service activities.

Revenue Sharing Reserve Fund - The Revenue Sharing Reserve Fund is a mandatory fund restricted for replacing state-shared revenues that have been suspended. The source of the replacement funding is the gradual shift from a winter tax levy to a summer tax levy. One-third of the County's December 2004 property tax levy must be placed in the fund from the December 2004, 2005, and 2006 property tax levy.

The County reports the following major proprietary funds:

Building and Safety Fund - The Building and Safety Fund accounts for revenues earmarked for building construction code enforcement activities.

Airport Fund - The Airport Fund accounts for the operations of the rural airport located in the County. The primary revenue source is charges for services and grant monies for the airport expansion.

Note 1 - Summary of Significant Accounting Policies (Continued)

Delinquent Tax Revolving Fund - The Delinquent Tax Revolving Fund accounts for the purchase of delinquent tax rolls from the County's local units. Interest and penalties received within the collection of these receivables are the Delinquent Tax Revolving Fund's primary source of revenue.

Additionally, the County reports the following funds:

Special Revenue Funds - Special Revenue Funds account for the revenues and expenditures related to job training services, child care services, family counseling, Friend of the Court, Small Cities Community Development Block Grant, survey and remonumentation, drug law enforcement activities, prosecutor's enforcement, criminal and OUIL forfeitures, Law and County Library Funds, community corrections, social welfare, soldiers and sailors relief, Veterans Trust Fund, register of deeds, Local Law Enforcement Block Grant activities, Homestead Property Exemption Fund, and Community Development Block Grant/OLSHA funds.

Debt Service Funds - Debt Service Funds account for the debt retirement activity of the governmental activities of the County for the jail expansion bonds issued in 1994, the Road Commission refunding bonds issued in 1995 and 2001, mental health bonds issued in 1999, and 2000 and 2002 building improvement bonds issued for various capital projects of the County.

Capital Projects Funds - Capital Projects Funds account for the development of capital facilities and equipment other than those financed by the operation of a proprietary fund. These projects include the construction of the 800 megahertz tower equipment, mobile command unit, jail expansion, courthouse improvements, MTEC construction, administration building renovations, and other capital improvements of the County.

Internal Service Funds - Internal Service Funds account for building services, purchasing store, information technology, carpool, and benefit services provided to other departments of the government on a cost reimbursement basis.

Trust Funds - The Other Employee Benefits Trust Fund accounts for the activities of the Post Employment Healthcare Trust Fund, which accumulates resources for health care benefit payments for qualified employees.

Agency Funds - Agency Funds are used to account for assets held by the County as an agent for individuals, organizations, other governments, or other funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations.

Note 1 - Summary of Significant Accounting Policies (Continued)

Private sector standards of accounting issued prior to December 1, 1989 are generally followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with the standards of the Governmental Accounting Standards Board. The County has elected not to follow private sector standards issued after November 30, 1989 for its business-type activity.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the County's enterprise functions and various other functions of the County. Eliminations of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenue and expenses from nonoperating items. The principal operating revenue of the proprietary funds relates to charges to customers for sales and services. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenue and expenses.

Assets, Liabilities, and Net Assets or Equity

Cash and Investments - Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

Receivables and Payables - In general, outstanding balances between funds are reported as "due to/from other funds." Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from other funds." Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown as net of allowance for uncollectible amounts. Property taxes are levied on each July 1 and December 1 on the taxable valuation of property as of the preceding December 31. Taxes are considered delinquent on March 1 of the following year, at which time penalties and interest are assessed.

Livingston County, Michigan

Notes to Financial Statements December 31, 2004

Note 1 - Summary of Significant Accounting Policies (Continued)

The 2003 taxable valuation of the County totaled \$6,592,435,442, on which ad valorem taxes levied consisted of 3.4912 mills for the County's operating purposes, 0.2500 mills for ambulance operating purposes, and 0.1881 mills for jail debt retirement. The ad valorem taxes raised were approximately \$23 million for general operations, \$1.6 million for ambulance operations, and \$1.3 million for jail debt retirement. These amounts are recorded in their respective funds as tax revenue. The amount recorded as revenue includes other miscellaneous revenue and other tax-related items and is net of amounts distributed to local DDAs and TIFAs.

Inventories and Prepaid Costs - Inventories are valued at cost, on a first-in, first-out basis. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets - Capital assets, which include property, buildings, furniture, vehicles, machinery, and equipment, are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the County as assets with an initial individual cost of more than \$10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Buildings, furniture, vehicles, machinery, and equipment are depreciated using the straight-line method over the following useful lives:

Buildings	33 to 50 years
Improvements other than buildings	20 to 30 years
Office equipment and furniture	3 to 10 years
Machinery and equipment	5 to 20 years
Vehicles	5 to 10 years

Compensated Absences - The County allows employees to accumulate earned but unused sick and vacation pay benefits. The government-wide and proprietary statements accrue all vacation and personal pay as it is earned, and sick pay as it is used or vested (whichever is earlier). A liability for these amounts is reported in governmental funds as it comes due for payment (when the time is taken off, or employees terminate).

Note 1 - Summary of Significant Accounting Policies (Continued)

Long-term Obligations - In the government-wide financial statements and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund-type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt. In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

Fund Equity - In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Note 2 - Stewardship, Compliance, and Accountability

Budgetary Information - Annual budgets are adopted for the General Fund and all Special Revenue Funds in compliance with the State Budget Act. The budget is prepared in accordance with accounting principles generally accepted in the United States of America, with the following exceptions:

- Operating transfers have been included in “revenue” and “expenditure” categories, rather than “other financing sources (uses).”
- Reimbursements from other funds have been included in revenue, rather than a reduction of expenditures.

Note 2 - Stewardship, Compliance, and Accountability (Continued)

Any expenditures that exceed the budget must be approved by the County Board of Commissioners through a budget amendment. The Board of Commissioners approves budget amendments with the following exception: the County administrator has the authority to make interdepartmental line-item transfers that are less than \$10,000.

During the year, there were budget amendments, as follows:

- Provide funding for new authorized positions
- Provide funding for the new Retiree Health Care Trust Fund and Retiree Health Savings Program
- Provide funding for the new long-term disability insurance program, dispute resolution center, small business and technology development center, and adult day care facility

The budget document presents information by fund, function, department, and line item. The legal level of budgetary control adopted by the Board of Commissioners is the department level. All annual appropriations lapse at fiscal year end. Encumbrance accounting utilized in governmental funds is the responsibility of each individual department. Encumbrances (purchase orders or service contracts) outstanding at year end are tracked; however, they do not constitute expenditures or liabilities because the goods or services have not been received by year end. The commitments will be honored during the subsequent year.

The budget process begins in April when the Board of Commissioners conducts a “goal-setting workshop” to formulate the strategic goals, policies, and objectives for the upcoming year. To encourage long-term planning, the County prepares biennial budgets.

In May, the strategic goals, policies, and objectives established by the Board are shared and discussed with Board subcommittees, (including elected officials and department heads); public safety; health and human services; infrastructure and development, and general government. The elected officials and department heads make recommendations that may modify the strategic goals, policies, and objectives, and determine how these may impact their departmental budgets.

Livingston County, Michigan

Notes to Financial Statements December 31, 2004

Note 2 - Stewardship, Compliance, and Accountability (Continued)

Additionally in May, the finance department prepares the projection for employee costs, including salaries/wages and all fringe benefits, by department and/or fund. The employee cost spreadsheets, budget worksheets, capital purchase, and new employee request forms are distributed to the departments for preparation of their department biennial budget request. The finance department projects total expenditures per functional group, i.e., public safety, health and human services, infrastructure and development, and general government for the General Fund. Departments are requested to submit budget requests within these limits. Budget requests are due from the departments on July 30.

In August, the finance department reviews the budget to verify that it balances. Additional Board subcommittee meetings are held with the departments to review requests and make modifications. During August, the budget plan is compiled and the County administrator distributes the recommended budget plan to the Board of Commissioners, elected officials, and department heads.

During September, the finance subcommittee reviews the budget plan and makes a recommendation to the Board of Commissioners. Upon review, and a subsequent public hearing, the Board of Commissioners authorizes the proposed budget plan by adoption of the General Appropriations Resolution. The budget must be adopted by the Board of Commissioners at its annual meeting.

Excess of Expenditures Over Appropriations in Budgeted Funds - The Building Services Internal Service Fund had a fund deficit at December 31, 2004 of approximately \$68,000. The County had the following significant budget overruns in the current year due to various unexpected expenditures that were not budgeted for.

	Budget	Actual
General Fund		
Friend of the Court	\$ 1,988,754	\$ 2,010,178
Juvenile court	1,210,937	1,243,447
Sheriff and road patrol	8,018,870	8,187,184
Jail	5,020,094	5,123,546
Animal shelter	491,493	506,364
Drain Commission	1,721,980	1,748,564
MSU co-op extension	404,346	418,029
Community action programs	748,634	828,903
Board of Commissioners	462,968	486,751
Health Fund - Environmental health and personal protective services	3,261,116	3,339,299

Livingston County, Michigan

Notes to Financial Statements December 31, 2004

Note 3 - Deposits and Investments

Michigan Compiled Laws, Section 129.91 authorizes local governmental units to make deposits and invest in the accounts of federally insured banks, credit unions, and savings and loan associations that have offices in Michigan. The local unit is allowed to invest in bonds, securities, and other direct obligations of the United States or any agency or instrumentality of the United States; repurchase agreements; bankers' acceptances of United States banks; commercial paper rated within the two highest classifications, which matures not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions, which are rated as investment grade; and mutual funds composed of investment vehicles that are legal for direct investment by local units of government in Michigan.

The County has designated one bank for the deposit of local unit funds. The investment policy adopted by the Board in accordance with Public Act 196 of 1997 has authorized investment in all of the investment options as allowed under the State statutory authority as listed above.

The County's deposits and investment policies are in accordance with statutory authority.

At year end, the deposits and investments were reported in the basic financial statements in the following categories:

	Governmental Activities	Business-type Activities	Fiduciary Funds	Total Primary Government	Component Units
Cash and cash equivalents	\$ 20,201,443	\$ 23,659,419	\$ 3,301,188	\$ 47,162,050	\$ 11,978,495
Marketable securities	-	-	3,034,119	3,034,119	-
Total	<u>\$ 20,201,443</u>	<u>\$ 23,659,419</u>	<u>\$ 6,335,307</u>	<u>\$ 50,196,169</u>	<u>\$ 11,978,495</u>

The breakdown between deposits and investments for the County is as follows:

	Primary Government	Component Units
Bank deposits (checking accounts, savings accounts, and certificates of deposit)	\$ 47,134,295	\$ 11,978,495
Investments in securities, mutual funds, and similar vehicles	3,034,119	-
Petty cash or cash on hand	27,755	-
Total	<u>\$ 50,196,169</u>	<u>\$ 11,978,495</u>

Note 3 - Deposits and Investments (Continued)

The County holds cash and investments on behalf of its component units. The total deposits were reflected in the accounts of the bank (without recognition of checks written, but not yet cleared, or of deposits in transit) at \$62,590,879. Of that amount, up to approximately \$600,000 was covered by federal depository insurance and at least \$61,990,879 was uninsured and uncollateralized. The County believes that, due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all bank deposits. As a result, the County evaluates each financial institution with which it deposits County funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

The County's investments during the year consisted solely of mutual funds and were held in the County's fiduciary funds. There was \$3,034,119 invested in such funds at December 31, 2004. Investments are normally categorized to give an indication of the level of risk assumed by the County; however, these funds are not categorized because they are not evidenced by securities that exist in physical or book entry form. The County believes that the investments in these funds comply with the investment authority noted above.

Livingston County, Michigan

Notes to Financial Statements December 31, 2004

Note 4 - Capital Assets

Capital asset activity of the County's governmental and business-type activities was as follows (as restated - see Note 12):

	Balance January 1, 2004	Additions	Disposals and Adjustments	Balance December 31, 2004
Governmental Activities				
Capital assets not being depreciated:

Notes to Financial Statements December 31, 2004

Note 5 - Interfund Receivables, Payables, and Transfers

The composition of interfund balances is as follows:

Receivable Fund	Payable Fund	Amount
Due to/from Other Funds		
General Fund	Health Fund	\$ 268,647
	Revenue Sharing Reserve Fund	1,188,188
	Airport Fund	54,521
	Other nonmajor funds	159,088
	Total General Fund	1,670,444
Internal Service Fund	Internal Service Fund	641
	Total	<u>\$ 1,671,085</u>

Interfund balances represent routine and temporary cash flow assistance.

Fund Transferred From	Fund Transferred To	Amount
Interfund Transfers		
General Fund	Health Fund	\$ 623,726
	Nonmajor governmental funds	2,505,576
	Total General Fund	3,129,302
Revenue Sharing Reserve Fund	General Fund	1,188,188
Nonmajor governmental funds	General Fund	63,827
	Nonmajor governmental funds	329,364
	Total operating transfers out from governmental funds	4,710,681
Delinquent Tax Revolving Fund	Nonmajor governmental funds	2,086,492
	Total operating transfers out	<u>\$ 6,797,173</u>

Livingston County, Michigan

Notes to Financial Statements December 31, 2004

Note 5 - Interfund Receivables, Payables, and Transfers (Continued)

Transfers from the General Fund to the Health Fund, Airport Fund, and nonmajor governmental funds provide for operations of those funds, capital projects, and capital acquisitions. The transfer from the Revenue Sharing Reserve Fund provides for operations of the General Fund per Public Act 357 of 2004. The transfer from the Delinquent Tax Revolving Fund to the nonmajor governmental funds provide for debt payments.

Note 6 - Long-term Obligations

The County issues bonds to provide for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the County. County contractual agreements and installment purchase agreements are also general obligations of the government.

Long-term obligation activity can be summarized as follows:

	Matures	Interest Rate	Beginning Balance	Additions (Reductions)	Ending Balance	Due Within One Year
Governmental Activities						
General obligation bonds:						
1994 Jail expansion bonds	2004	4.5%	\$ 1,225,000	\$ (1,225,000)	\$ -	\$ -
1995 Building Authority - Road Commission refunding bonds	2008	5.0%	2,095,000	(375,000)	1,720,000	390,000

Note 7 - Restricted Net Assets

The balances of the restricted net asset accounts are as follows:

	Governmental Activities
Health and welfare expense	\$ 2,889,377
Public safety expense	2,090,186
Community and economic development expense	1,345,895
Revenue-sharing reserve	6,568,553
Total restricted assets	\$ 12,894,011

Livingston County, Michigan

Notes to Financial Statements December 31, 2004

Note 8 - Reserved and Designated Fund Balances

Fund balances have been reserved and designated as follows:

	Reserved	Designated
General Fund - Reserved for:		
Advance - 911	\$ 691,559	\$ -
Expense of prepaid assets	165,844	-
Total General Fund	857,403	-
Debt Service Funds - Reserved for debt service	123,374	-
Capital Projects Funds - Designated for:		
800 Megahertz Communications	-	-
Mobile command	-	1,984
Jail expansion	-	6,994
Courthouse improvements	-	39,876
MTEC construction	-	-
Administration building renovations	-	184,574
Capital replacement	-	1,006,281
Total Capital Projects Funds	-	1,239,709
Permanent Fund - Reserved for Lutz county road	27,516	-
Permanent Fund - Reserved for cemetery care	26,385	-
Total	<u>\$ 1,034,678</u>	<u>\$ 1,239,709</u>

Note 9 - Risk Management

The County is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injuries (workers' compensation), as well as medical benefits provided to employees. The County has purchased commercial insurance for workers' compensation and excess medical benefit claims, and participates in the Michigan Municipal Risk Management Authority risk pool for claims relating to general liability. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

Note 9 - Risk Management (Continued)

The Michigan Municipal Risk Management Authority (the "Authority") risk pool program operates as a claims servicing pool for amounts up to member retention limits, and operates as a common risk-sharing management program for losses in excess of member retention amounts. Although premiums are paid annually to the Authority that the Authority uses to pay claims up to the retention limits, the ultimate liability for those claims remains with the County.

The County has never incurred any losses that exceeded the insured amount; therefore, an adjustment for incurred but not reported claims has not been accrued. The County's Member Retention Fund with the Authority includes \$526,000 reserved for claims and claims adjustment expenses. The County incurred approximately \$972,000 for insurance expense for the year ended December 31, 2004.

The County is self-insured for medical benefits provided to active employees and retirees. Claims are being paid out of the Benefits Internal Service Fund. The plan is administered by Blue Cross/Blue Shield of Michigan. The County is self-insured under the Blue Cross/Blue Shield of Michigan program up to \$25,000 per contract with an aggregate stop-loss amount of 120 percent of estimated claims. Once the individual contract or aggregate stop-loss amount is reached, reinsurance provides the remaining benefits. No claims payable exist at December 31, 2004 due to escrowed reserves maintained by the third-party administrator.

Note 10 - Defined Benefit Pension Plan

Plan Description - The County participates in the Michigan Municipal Employees' Retirement System (MERS), an agent multiple-employer defined benefit pension plan that covers the majority of County employees. The system provides retirement, disability, and death benefits to plan members and their beneficiaries. MERS issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to the MERS at 1134 Municipal Way, Lansing, Michigan 48917.

During 2003, through collective bargaining, two employee groups (Emergency Medical and 911) opted to institute a defined contribution plan administered by MERS. Existing employees were given the choice to stay in the defined benefit plan or move to the defined contribution plan. Effective in 2003, all new hires are automatically eligible for participation in the defined contribution plan.

Livingston County, Michigan

Notes to Financial Statements December 31, 2004

Note 10 - Defined Benefit Pension Plan (Continued)

Annual Pension Costs - For the year ended December 31, 2004, the County's annual pension cost was \$3,051,498 for the plan. The required and actual contribution to the plan was \$3,004,765. The annual required contribution was determined as part of an actuarial valuation at December 31, 2002, using the entry age actuarial funding method. Significant actuarial assumptions used include (a) an 8 percent investment rate of return, (b) projected salary increases of 4.5 percent per year, attributable to inflation, and (c) additional projected salary increases of 0 percent to 4.16 percent per year, attributable to seniority/merit. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility over a five-year period.

The unfunded actuarial liability is being amortized as a level percentage of payroll on a closed basis over a period of 30 years, and 10 years for negative unfunded accrued liabilities.

For the year ended December 31, 2004, the County's annual pension cost and net pension asset are as follows:

Annual required contribution	\$ 3,004,766
Interest on net pension obligation	(154,952)
Adjustment to annual required contribution	<u>201,684</u>
Annual pension cost	3,051,498
Contributions	<u>(3,004,765)</u>
Decrease in net pension asset	46,733
Net pension asset - Beginning of year	<u>1,936,897</u>
Net pension asset - End of year	<u><u>\$ 1,890,164</u></u>

Livingston County, Michigan

Notes to Financial Statements December 31, 2004

Note 10 - Defined Benefit Pension Plan (Continued)

Schedule of Employer Contributions

Year Ended December 31	Annual Required Contribution (ARC)	Percentage of ARC Contributed	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Asset
2002	\$ 2,048,040	149	\$ 2,068,040	147	\$ 1,980,168

Note 11 - Other Postemployment Benefits

The County has elected to provide postemployment health benefits to eligible participants and their beneficiaries. An employee is eligible to participate if they are a permanent employee and provided eligibility under County policy or an applicable collective bargaining agreement. The retiree health care plan provisions were created by the Livingston County Board of Commissioners. The County maintains two plans:

- 1) County of Livingston Retiree Health Care Plan (defined benefit) for eligible employees hired on or before March 17, 2003 who have elected to remain in this program.

Note 11 - Other Postemployment Benefits (Continued)

Beginning on the effective date, the County shall provide health care benefits to each eligible retiree. The Retiree Health Care Trust Fund will pay the monthly premiums for eligible participants subject to the retirees paying a share of the cost depending on their status and/or years of service. The County will be required to pay to the Trust Fund an amount consistent with the actuarial valuations and calculations made by an actuary for the trust. For those employees participating in the defined benefit retiree health care plan, the County's actuarially calculated contribution was \$1.7 million and actual contribution was \$526,000.

- 2) County of Livingston Retiree Health Savings Plan (defined contribution) for eligible employees hired after March 17, 2003, and/or participants of the Retiree Health Care Plan that made a voluntary irrevocable "opt-out" of the Retiree Health Care Plan and elected participation in this new program. In consideration for such a nonrevocable decision to "opt-out" of the Retiree Health Care Plan, the County made an employer contribution in an amount equal to the maximum amounts as described below for each of the eligible years of County service the employee has served. The "opt-out" window began in November 2003 and ended in January 2004; therefore, funding of this program will span two fiscal years.

Beginning January 1, 2004, participant contributions are made by payroll deduction and deposited into the participant's plan account. The participant will authorize the amount to be deducted on a per pay period basis from their paycheck. The employer contribution match of participant contributions will be subject to the following maximum limitation in each calendar year of participation: first five years of service with the County - up to \$520.00 per year (prorated); beginning with the sixth year of service with the County until termination of participation - up to \$1,560.00 per year (prorated). Adjustments may be made annually consistent with the nonunion salary schedule adjustment, beginning in 2005. The County match shall be distributed over a 12-month period.

For those employees participating in the defined contribution retiree health care plan, the County contributed \$593,165 during the current year.

Livingston County, Michigan

Notes to Financial Statements December 31, 2004

Note 11 - Other Postemployment Benefits (Continued)

Upcoming Reporting Change - The Governmental Accounting Standards Board has recently released Statement Number 45, *Accounting and Reporting by Employers for Postemployment Benefits Other Than Pensions*. The new pronouncement provides guidance for local units of government in recognizing the cost of retiree health care, as well as any "other" postemployment benefits (other than pensions). The new rules will cause the government-wide financial statements to recognize the cost of providing retiree health care coverage over the working life of the employee, rather than at the time the health care premiums are paid. The new pronouncement is effective for the year ending December 31, 2008.

Note 12 - Prior Period Adjustment

During the current year, the following prior period adjustment was made:

The intermodal building was transferred from a governmental activities fixed asset to a business-type activities fixed asset and recorded in the Livingston Essential Transportation Enterprise Fund. The asset and corresponding accumulated depreciation are now included within the Livingston Essential Transportation Enterprise Fund.

Fund Balance - Beginning of year, as previously reported	\$ 198,501
Reclassification of intermodal building	2,292,283
Reclassification of intermodal building accumulated depreciation	<u>(160,460)</u>
Fund Balance - End of year, as restated	<u>\$ 2,330,324</u>

Other Supplemental Information

Livingston County, Michigan

Special Revenue Funds

Special Revenue Funds are used to account for the revenue from specific revenue sources that are restricted to expenditures for specific purposes by administrative action or law. A description of the Special Revenue Funds maintained by the County is as follows:

Ambulance Fund - This fund accounts for monies received from a special tax levy for the purpose of providing emergency medical services authorized by a vote of the County electors.

Health Fund - This fund accounts for monies received from federal, state, and local grants and County General Fund appropriations. These monies are utilized in providing a variety of health-related services to County residents. There are two types of activities included in this fund: environmental health and personal protection services.

911 Service Fund - This fund is used to account for the monies received under the provisions of Public Act 29 of 1994. These monies are to be used exclusively for the operation of the 911 system and the Enhanced 911 for wireless services.

Revenue Sharing Reserve Fund - This fund is a mandatory fund restricted for replacing state-shared revenues that have been suspended. The source of the replacement funding is the gradual shift from a winter tax levy to a summer tax levy. One-third of the County's December 2004 property tax levy must be placed in the fund from the December 2005, 2005, and 2006 property tax levy. This fund is required by Public Act 357 of 2004.

Job Training Services - This fund accounts for the monies received from federal and state grants related to job training and various Michigan Works! activities.

Child Care Fund - This fund accounts for the foster care of children. The fund's primary revenue is a General Fund appropriation and state grants. The fund is required by MCL 400.117a. The Child Care Fund has two separate activities, one each for the Probate Court and Family Independence Agency.

Family Counseling - This fund accounts for monies received from a surcharge on all marriage licenses filed with the County. These monies are to be used for family counseling services as directed by the District Court.

Friend of the Court - This fund accounts for the monies received from statutory charges and a 3 percent State Court incentive received from the State (Access and Visitation Grant). These monies are to be used for Friend of the Court activities required by Acts 297 and 298 PA 1982, as amended.

Small Cities Community Development Block Grant Fund - This fund accounts for the monies received from MSHDA for community development.

Survey and Remonumentation Fund - This fund accounts for the revenues and expenditures related to the marking, the corners, and horizontal and vertical control stations. This service is performed by the office of the Register of Deeds.

Livingston County, Michigan

Special Revenue Funds (Continued)

Prosecutor's Drug Enforcement, Drug Law Enforcement Fund, Criminal Forfeiture Fund, and OUIL Forfeiture Fund - These funds account for the monies received from the Federal Drug Enforcement Agency for law enforcement purposes and for state funds related to drug enforcement purposes. These monies are to be used to supplement existing law and drug enforcement funds in the law enforcement fields.

Law Library Fund - This fund accounts for the maintenance of the County law library. The fund's primary revenue is a specified portion of the penal fines collected each year by the County courts. This fund is required by MCL 600.485 I.

County Library Fund - Public Act 59, 1964, provides for the establishment of County Library Boards with the authority to contract for public library services for those residents of the County without free access to a legally established public library. Penal fines dedicated to those areas without a contract are transferred to the County Library Fund pending a contract agreement for those library services.

Community Corrections Fund - This fund is a state grant used to enhance the delivery of adult probation services in the County.

Social Welfare Fund - This fund accounts for the operations of the County Family Independence Agency to assist with the welfare program that offers aid to disadvantaged individuals of Livingston County.

Soldiers and Sailors Relief Fund - This fund accounts for assistance to indigent veterans and their families. The fund's primary revenue is a General Fund appropriation. The fund is required by MCL 35.21.

Veterans Trust Fund - This fund accounts for the monies received by the State Department of Military Affairs from the State Veterans Trust Fund. These monies are to be used to aid needy veterans. The fund is required by MCL 35.607.

Register of Deeds Automation Fund - This fund is used to account for funds set aside under provisions of Public Act 698 of 2002 (MCL 600.2568). This fund was created for upgrading technology in the Register of Deed's office.

Local Law Enforcement Block Grant - These funds are used in any local unit of government that has budgetary authority over an agency that may seize property involved in the violation of controlled substances statutes, Act 135 PA 1985 (MCL 333.7523). Authorized expenditures include expenses of seizure, forfeiture, and sale of property. The balance remaining must be used to enhance law enforcement efforts.

Livingston County, Michigan

Special Revenue Funds (Continued)

Homestead Property Exemption Fund - This fund is a restricted fund to account for interest distributed to the County from delinquent principal residence exemptions. It is to be used solely for the administration of principal residence exemptions and is required by Public Act 105 of 2003.

Community Development Block Grant OLSHA - This fund accounts for loans made through a federal program which assists individuals in purchasing homes.

Livingston County, Michigan

Debt Service Funds

Debt Service Funds are required if they are legally mandated and/or if financial resources are being accumulated for principal and interest payments maturing in future years.

Jail Expansion Fund - This fund accounts for the proceeds and repayments from a bond issuance in 1994 for the jail expansion project.

Building Authority Refunding - This fund accounts for the Road Commission Building refunding bonds issued in 1995.

Building Authority Mental Health - This fund accounts for the proceeds and repayments from a bond issuance in 1999 for the mental health capital project.

Building Authority General Obligation - This fund accounts for the bonds issued in 2000 for the Old Court House, judicial center, law center, jail renovations, animal control, and 911 building capital projects.

Building Authority Road Commission Refunding Bonds 2001 - This fund accounts for the proceeds and repayments from debt issued in 2001 on the behalf of the Road Commission.

General Obligation Bonds - This fund accounts for the bonds issued in 2002 for the administrative building and other capital projects.

Livingston County, Michigan

Capital Projects Funds

Capital Projects Funds are used to account for the acquisition or construction of major capital facilities by a governmental unit that are not accounted for by proprietary funds and trust funds.

800 Megahertz Communications Fund (Emergency Communications) - This fund is used to account for the construction of the 800 Megahertz Tower equipment lease.

Mobile Command Fund - This fund accounted for the procurement of the mobile command unit.

Jail Expansion Fund - This fund accounts for the jail expansion capital project.

Courthouse Improvement Fund - This fund is used to account for courthouse improvements.

MTEC Construction Fund - This fund is used to account for the MTEC building improvements.

Administration Building Renovations Fund - This fund is used to account for the renovations to the administration building.

Capital Replacement Fund - This fund was created to be used for minor/major facility repairs or refurbishment and capital purchases.

Livingston County, Michigan

Enterprise Funds

Enterprise Funds are used to report any activity for which a fee is charged to external users for goods or services. The cost of operations is supported totally by fees and charges, rather than with taxes or similar revenues.

Building and Safety Fund - This fund is used to account for revenues earmarked for building construction code enforcement activities. The fund is required by Section 22 (I) of Act 230 PA 1972.

Airport Fund, Airport Debt Fund, and Airport Capital Improvement Fund - These funds account for the operations of the rural airport located in the County. The primary revenue source is charges for services.

Livingston Essential Transportation Service Fund - Livingston Essential Transportation System (the "System"), also known as the Livingston Transit System, operates a bus system that primarily provides busing services to low- to moderate-income persons within Livingston County. Revenue sources include charges for services, federal and state grants, and rental income from the EMS department.

Delinquent Tax Revolving Fund - This fund accounts for the purchase of delinquent tax rolls from the County's local units. Interest and penalties received with the collection of these receivables are the fund's primary source of revenue.

Livingston County, Michigan

Permanent Fund

Permanent funds are a new fund type created by GASB No. 34 used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs.

Cemetery Trust Fund - This fund is used to account for money held by the County in trust for the perpetual care of cemetery lots for indigents.

Lutz County Park - This fund is used to account for money held by the County in trust for the maintenance for Lutz County Park.

Livingston County, Michigan

Internal Service Funds

Internal Service Funds may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis.

Building Services Fund - This fund oversees the maintenance and operations of all County facilities.

Information Technology Fund - This fund includes computer information services, geographical information services, and communications. It is an all-encompassing technology fund for voice and data. Its primary responsibility is the procurement, installation, and maintenance of the County's computer and telephone system.

Car Pool Fund - This fund is used to account for revenues collected from user departments for the vehicle rental charges to cover the costs incurred to administer the motor pool fund and depreciation of vehicles. The Motor Pool Fund owns the majority of the County vehicles.

Benefits Fund - The fund is used to account for revenues collected from user departments for the payment of costs incurred to administer the self-funded health insurance program, third-party administrative expenses, and actual health claims paid. As part of union contracts and personnel policies, the fund also pays the health insurance on certain retired employees.

Livingston County, Michigan

Component Units

Drain Commission - This component unit accounts for all the funds maintained by the drain commissioner. Each of the drainage districts established pursuant to the Drain Code of 1956 are separate legal entities, with the power to contract, to sue and be sued, to hold, manage, and dispose of real and personal property, etc. The Drainage Board of Drain Commissioners, on behalf of the drainage district, may issue debt and levy special assessments authorized by the Drain Code without the prior approval of the County Board of Commissioners. The full faith and credit of the County may be given for the debt of a drainage district.

Department of Public Works - Pursuant to Michigan Compiled Law 123.732, the County has entered into a program of water supply and sanitary sewer facility construction. The Department of Public Works is under the general control of the County Board of Commissioners and under the immediate control of a Board of Public Works, which includes the County Drain Commissioner. The Board of Public Works is considered an agency of the County. The Board manages water supply and sanitary sewer system construction projects that are bonded by the County. Bonds issued are authorized by an ordinance or a resolution approved by the Board of Public Works and adopted by the County Board of Commissioners.

Road Commission - The County Road Commission, which is established pursuant to the County Road Law (MCL 224.1), is governed by an appointed three-member Board of County Road Commissioners. The Road Commission may not issue debt or levy a tax without the approval of the County Board of Commissioners.

To the Board of Commissioners
Livingston County
304 East Grand River
Howell, MI 48843

Dear Board Members:

We have recently completed our audit of the basic financial statements of Livingston County for the year ended December 31, 2004. We would like to thank all of the County staff for their cooperation during the audit. As a result of our audit, we have the following comments and recommendations for your review and consideration.

Internal Control Items

Deposits

During our testing of cash receipts at the airport, we noted deposits were delayed from 5 to 12 days for various months earlier in the year. The current policy of the County requires deposits to be made three times a week. We understand that the treasurer's department worked with this department later in the fiscal year to ensure that all deposits are made timely. It appears that this issue has been resolved by year end. We recommend that the treasurer's department continue to monitor to ensure the timeliness of deposits.

Other Items

Updates to Accounting System

It is our understanding that the County is actively pursuing the ability to link all of the departments to the County's system related to the general ledger. This will give the departments inquiry access to reports from the general ledger, access to the accounts payable module, and access to the cash receipts module.

With the update to the system for the various departments at the County, we recommend the County evaluate the current policies and procedures to determine whether they should be updated to reflect the changes available with the new system. Items to consider would be the receipting and creation of transactions by the departments to the County's general ledger, the timing of such postings by the treasurer's department, and the oversight by the clerk's and treasurer's office of the information.

June 17, 2005

These new procedures will allow the transactions to be reflected within the general ledger on a more current basis depending on the release of the posting by the clerk's and treasurer's office. This would provide more detailed information of revenue and expenses by department for the department heads and administration to assist them in monitoring compliance with their budgets.

Again, policies and procedures should be clearly defined to allow the County the best reporting mechanisms along with adequate internal controls over the process.

State-shared Revenue

As you are aware, the governor suspended county revenue-sharing payments and modified the property tax collection structure in 2004 by permanently shifting the county property tax levy from December to July each year. This structural change would have counties levy a tax on July 1, 2005 (previously scheduled to be levied on December 1, 2005). The purpose of this levy would be to "reserve" the amount levied and each county would be required to hold this revenue in reserve to be annually expended in lieu of state revenue-sharing payments. However, this shifting of the tax levy creates a cash flow challenge for many counties.

Under these changes, the State payments to counties will resume in the first year in which a county's property tax revenue reserve is less than the county would have otherwise received in state revenue-sharing payments. It is anticipated that revenue-sharing payments would continue to be phased in for various counties through fiscal year 2027.

Retiree Health Care Benefits

The Governmental Accounting Standards Board has recently released Statement Number 45, *Accounting and Reporting by Employers for Postemployment Benefits Other Than Pensions*. The new pronouncement provides guidance for local units of government in recognizing the cost of retiree health care, as well as any "other" postemployment benefits (other than pensions). The intent of the new rules is to recognize the cost of providing retiree health care coverage over the working life of the employee, rather than at the time the health care premiums are paid. These new rules will apply to the government-wide financial statements, rather than the individual fund level. Therefore, the manner in which retiree health care benefits are budgeted will not change, unless you begin funding the benefits (however, as discussed below, there are incentives to do so).

The new pronouncement will require a valuation of the obligation to provide retiree health care benefits, including an amortization of the past service cost over a period of up to 30 years. The valuation must include an annual recommended contribution (ARC). While the ARC does not need to be funded each year, any underfunding must be reported as a liability on the government-wide statement of net assets.

June 17, 2005

The GASB statement has provided substantial incentive to fund the obligation in accordance with the annual recommended contribution. In addition to the normal fairness issue of paying for a service as you use it, the GASB has directed that lower rates of return be used for evaluating the annual recommended contribution in situations where the recommended contribution is not being funded. This will significantly increase the calculation of the following year's contribution. Therefore, funding the contribution will actually reduce your long-run cost.

We commend the County in already taking significant strides relating to the requirements of these new standards.

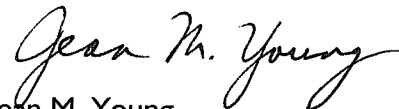

Again, we would like to thank all of the County personnel for their cooperation and patience extended to our staff during the audit process. We would be happy to answer any questions you have regarding the general purpose financial statements or to assist you with any other items.

Very truly yours,

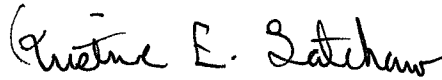

Plante & Moran, PLLC

Independent Auditor's Report

To the Board of Commissioners
Livingston County, Michigan

We have audited the basic financial statements of Livingston County for the year ended December 31, 2004 and have issued our report thereon dated April 29, 2005. Those basic financial statements are the responsibility of the management of Livingston County. Our responsibility was to express an opinion on those basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was made for the purpose of forming an opinion on the basic financial statements of Livingston County taken as a whole. The accompanying schedule of expenditures of federal awards and reconciliation of basic financial statements federal revenue with schedule of expenditures of federal awards are presented for the purpose of additional analysis and are not a required part of the basic financial statements. The information in these schedules has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

To the Board of Commissioners
Livingston County, Michigan

We have audited the financial statements of Livingston County as of and for the year ended December 31, 2004 and have issued our report thereon dated April 29, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Livingston County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Livingston County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To the Board of Commissioners
Livingston County, Michigan

This report is intended solely for the information and use of the audit committee, board of commissioners, management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

April 29, 2005

Report on Compliance with Requirements Applicable to Each
Major Program and on Internal Control Over Compliance in
Accordance with OMB Circular A-133

To the Board of Commissioners
Livingston County, Michigan

Compliance

We have audited the compliance of Livingston County with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2004. The major federal programs of Livingston County are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Livingston County's management. Our responsibility is to express an opinion on Livingston County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Livingston County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Livingston County's compliance with those requirements.

In our opinion, Livingston County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2004.

To the Board of Commissioners
Livingston County, Michigan

Internal Control Over Compliance

The management of Livingston County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Livingston County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the audit committee, board of commissioners, management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Plante & Moran, PLLC
